|  | | <p>Meet Abbey Grainger, Reach Beyond NZ's office administrator. With her finance training, it is a given that she takes over the accounts, as well as manning the reception desk, managing our social media presence and managing our supporter database...and all this while she completes her commerce degree and helps organize the youth ministry at her home church. Abbey is no mere office lady - this young woman can preach!</p> | |  | | |
